

## Wisconsin Quality Educator Initiative Publications

### **Initial Educator Support System, District Guide**

This book is for school district personnel responsible for the implementation of PI 34 rules regarding Initial Educators. The guide contains information and guidelines that any school district might find valuable, regardless of the current opportunities they have available for Initial Educators including a six step process for developing an Initial Educator Support System and sample mentor activities that are aligned to the Educator Standards.

### **Professional Development Plan: Educator Toolkit**

This book is for any Initial or Professional Educator wishing to create a Professional Development Plan (PDP) for re-licensure. It provides the guidelines and the accompanying process for creating and submitting a PDP.

### **Professional Development Plan: Team Toolkit**

This book is provided to every person trained as a Professional Development Plan (PDP) Team member through the Department of Public Instruction training. It should be used as a refresher for those trained team members once they become part of an educator's PDP team.
